BROTHER LASER PRINTER DATA LIGHT

PROBLEM: "MY BROTHER LASER PRINTER DOES NOT PRINT THE COMPLETE JOB OR PRINTS THE LAST PART OF THE LAST JOB ON MY NEXT PRINTING."

SOLUTION: IF, AFTER THE BROTHER HAS COMPLETED PRINTING, YOU SEE THAT THE AMBER COLORED DATA LIGHT ON THE TOP RIGHT SIDE OF THE PRINTER IS STILL ON, PRESS THE GO BUTTON. THAT IS THE BLUE (COULD BE GREEN ON SOME MODELS) BUTTON LABELED "GO" ON THE TOP OF THE PRINTER. WHEN YOU PRESS GO, THE LIGHT WILL START FLASHING AND THE REST OF YOUR PRINT JOB WILL PRINT.
